All dressed up and no place to go!

Deliver me from the temptation.

I'm the one your mother warned you about.

Thou shalt not hassle.

Sometimes we sits and thinks, and sometimes we just sits.

Give me your tired, your poor, your huddled masses.

Bravo Nick, it all fit!!

Tell us another one, Ken.

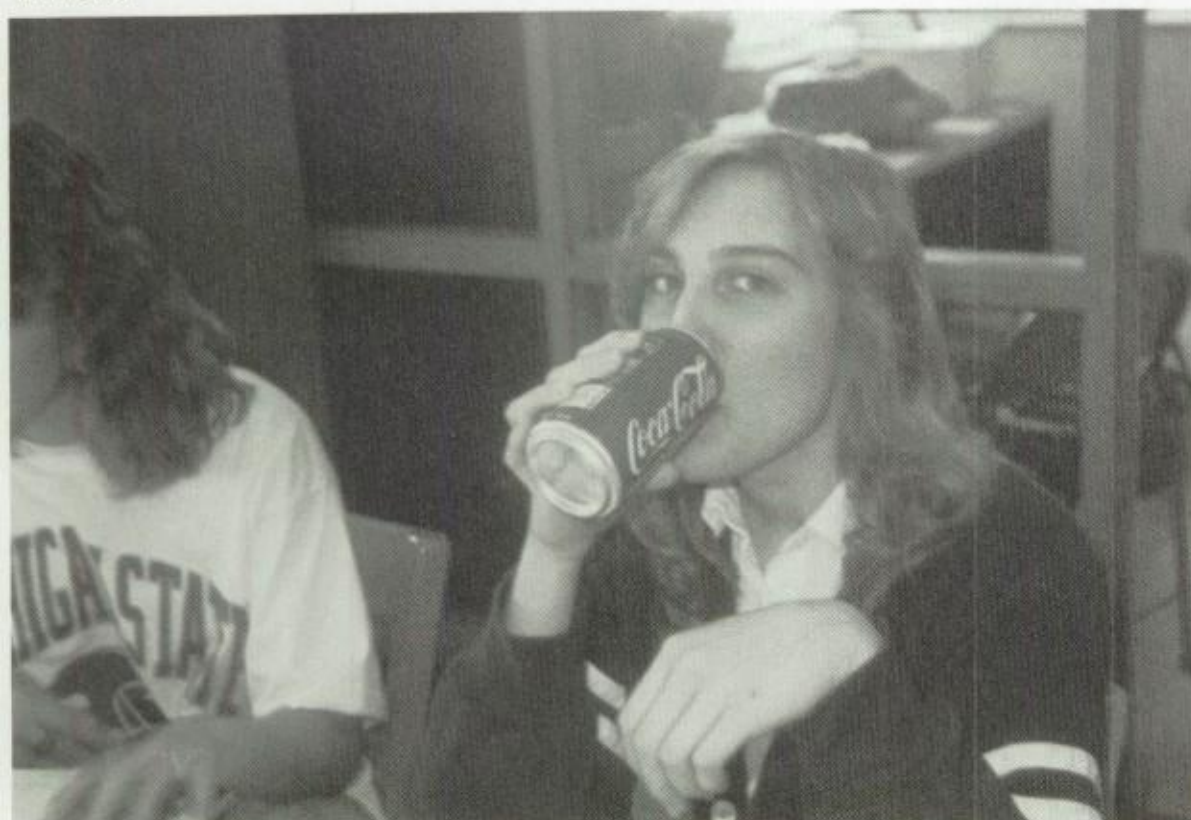

You call this music?!

I didn't even have to do anything illegal or immoral.

Good friends are for keeps.

I need a little push now and then.

For this ... I got out of bed? (1st hour gov.)

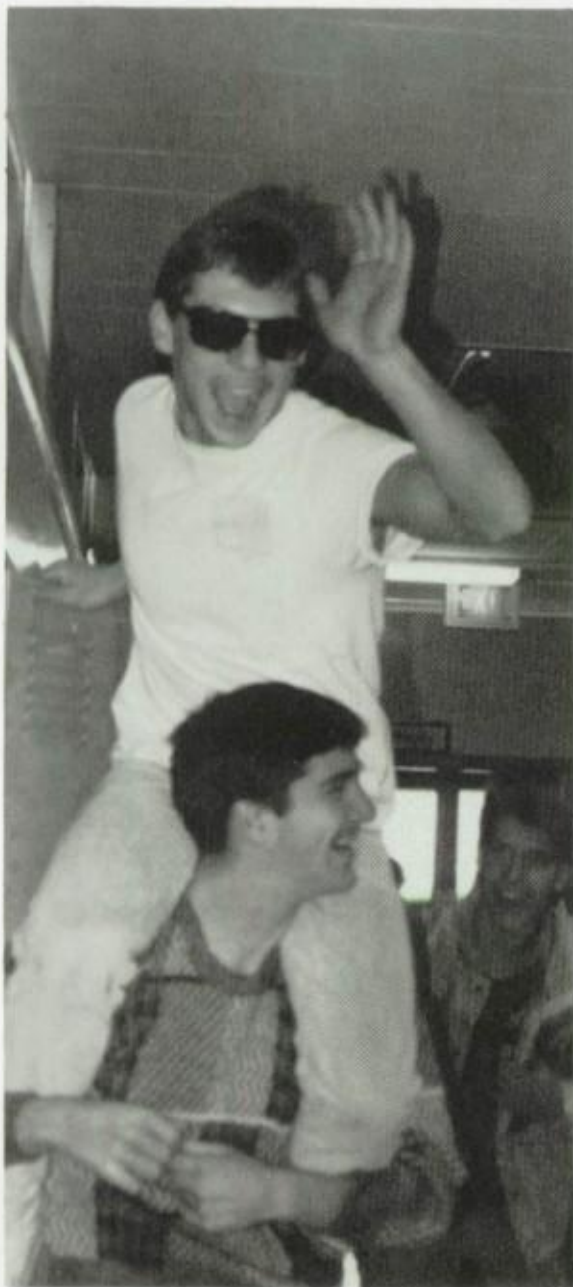

We are not amused.

Is he gone?

Spring break. Be there.

A little rebellion is a good thing now and then.

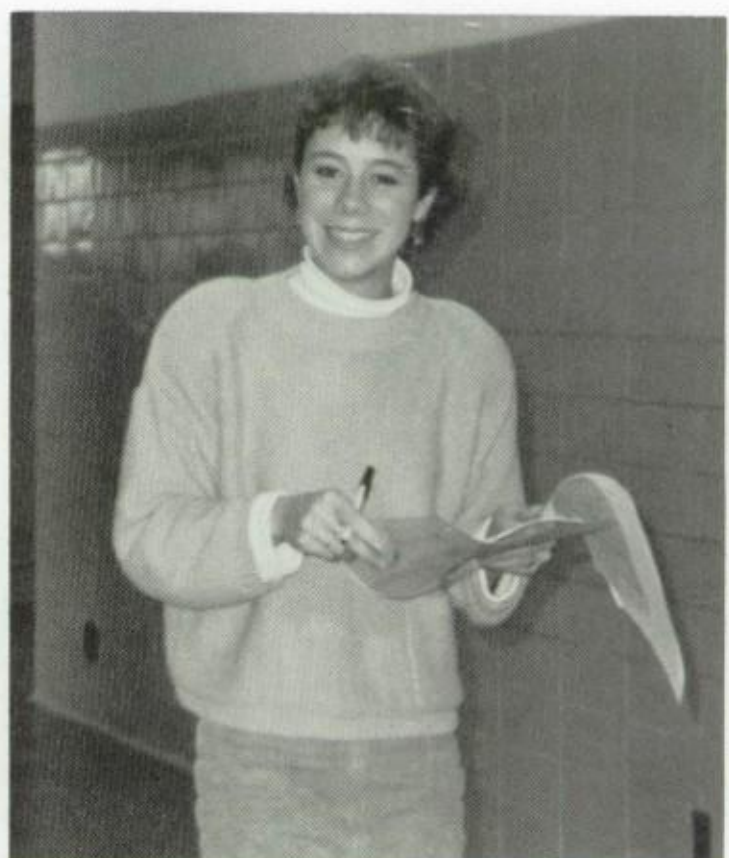

Whatever it is, I didn't do it.

I am smiling.

I Got It!!!

PSYCHI

Which way did it go? Which way did it go?

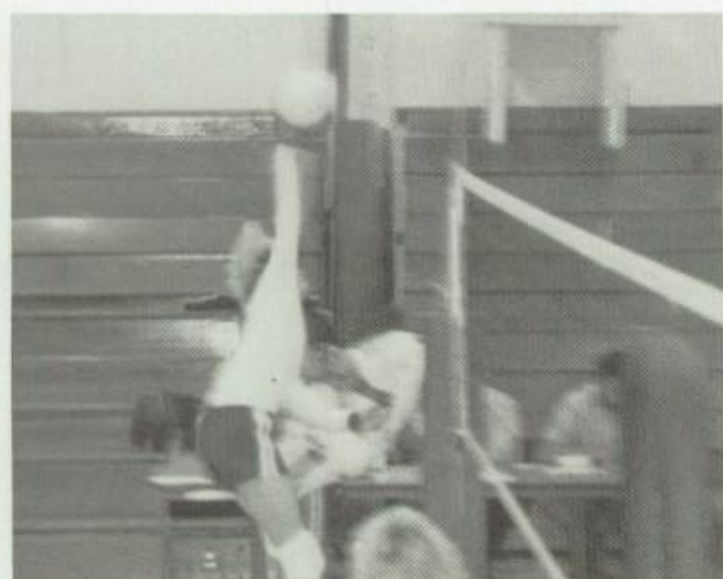

There is nothing in athletics that amounts to anything which was ever achieved without genuine enthusiasm. Any movement that has left its impression on our lives owes its start to the driving zeal of some one individual or a small group of individuals. It is comparatively easy to fall into routine habits of learning and practice. One goes through motions, but not much progress can be made if enthusiasm is lacking.

Pictures Tell The Story . . .

Graduation

DON'T QUIT

When things go wrong as they sometimes will,
When the road you're treading seems all uphill,
When the funds are low and the bills are high,
And you want to smile but have to sigh,
When care is pressing you down a bit,
Rest if you must, but don't you quit.

Life is queer with its twists and turns,
As everyone of us sometimes learns.
And many a fellow turns about,
When he might have won had he stuck it out.
Don't give up through the pace seems slow,
You may succeed with another blow.

The goal is nearer than it often seems
To the faint or faltering man of dreams.
Often the struggler has given up
When he might have captured the victor's cup.
And he learned too late, when the night came down
How close he was to the golden crown.

Success is failure turned inside out,
The silver tint of the clouds of doubt.
And you can never tell how close you are;
It may be near when it seems far.
So stick to the fight when you're hardest hit,
It's when things seem worse that you mustn't quit.

This page is dedicated to Mrs. Kay Whitehead, for her endless hours of hard work and patience as advisor of the Rambler from 1981-1987. It is through following her examples that we were able to produce what we feel is a reflection of the 1987-88 school year.

This was the first year for most of the yearbook staff, as well as myself. We began knowing nothing about how to create a yearbook. We quickly learned there is a lot to do! Taking pictures, designing layouts, proof reading and more proof reading. All the while knowing there are deadlines to meet.

Looking back on this year, I'm sure we'll say, "We should have done this or we shouldn't have done that." But try as we might, we can't please everyone; and there's always next year. I'm hoping for another good year, with new and different ideas. Hoping that each new Rambler will be unique and exciting in its own way.

I would like to thank all the 1987-88 Yearbook Staff for using their own time for this activity. The staff members were very busy with classes, sports, jobs, and other activities; yet they gave of their own time to produce the 1988 Rambler. I have enjoyed working with them.
